The strength of a global brand. Comfort you can rely on.

Welcome Home to TECO

ENGINEERED TO PERFORM

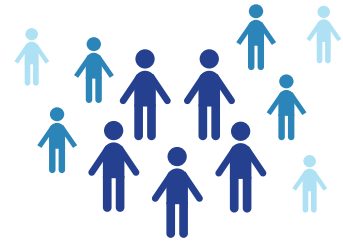

For over 60 years we have delivered market leading electrical motors worldwide. Powering the largest machines in ships, mines, quarries, plants & refineries. Our strength is diversification with expertise in state of the art products and services across telecommunications, IT solutions, automation, wind turbines, electric vehicles and home appliances.

\$3Billion USD Net Worth

THE QUIET ACHIEVER

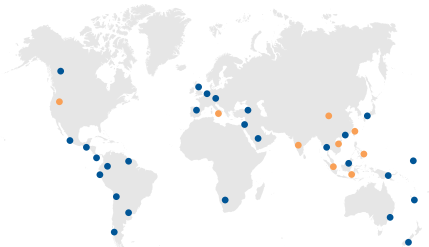

In Australia, we are the market leader in industrial motors and have been for over 30 years. This has paved the way for our success in home appliances - air conditioners, fridges, freezers, washing machines and clothes dryers. We supply to many mine sites and commercial businesses in the harshest places from the Pilbara to Kalgoorlie to Papua New Guinea. Our designs, functionality and performance are backed by our in-home dedicated service network.

40,000+ Employees

QUALITY & RELIABILITY

Our heavy industrial expertise nurtures our commitment to quality and reliability in all our products. Whether it is an air conditioner for a small room or a multi split system to cool or heat your entire home - TECO has you covered with the strength of our global brand and comfort you can rely on.

36 Countries Worldwide

TECOAIR Portable Air Conditioning

BENEFITS

If you are on a budget, living in a rental property or prefer to cool only the room you occupy, then TECO Portable Air Conditioners are the comfortable choice for you. Spot Cooling is an efficient way to manage your indoor climate when the cost or practicality of a wall split or ducted system is not an option. TECO Portable Air Conditioners are portable in the sense of not being fixed or installed. Our units feature roll on castors to conveniently position your portable AC unit from room to room. TECO Portable Air Conditioners come with a window exhaust kit to vent heat from inside your room to the outside.

For convenience and functionality at an affordable price, TECO Portable Air Conditioners feature:

Wi-Fi Connectivity

Wi-Fi connectivity puts you in control no matter where you are. Using a smartphone and the TECO app, you can adjust your TECO Portable Air Conditioner remotely.

Not available to all models (TPO20CFBT & TPO47CFBT).

24 Hour Timer

Set and forget. Have your unit switch on or off after a period of time you set. Great for switching the unit off automatically after you go to bed.

Roll-On Castors

Easily move your TECO Portable Air Conditioner into position with its roll-on castors.

Remote Control

No need to walk over to the air conditioner to adjust the temperature, timer or switching it on or off. Each TECO Portable Air Conditioner comes with a convenient remote controller. Total control at your fingertips.

Reverse Cycle

Summer or winter, heating or cooling - keep your indoor temperature at a comfortable level.

(Applies only to TPO32HFWDT & TPO35HFWDT models).

Maintenance Made Easy

All TECO Portable Air Conditioners have a convenient filter compartment. This makes it simple to access and clean. Clean filters assist in air conditioner efficiency.

Window Exhaust Hose Kit

The exhaust hose kit helps remove excess heat from the room. This improves the AC performance and helps retain set temperatures.

Two Year Warranty

Rest easy knowing TECO's manufacturer warranty ensures your satisfaction is guaranteed.

Nationwide Service Network

Australian based nationwide service network means we're never far away. Service and spare parts, we're here to help.

WI-FI & VOICE CONTROL

Smart Life

Smart Home App

Download and install this app to control the TECO portable air conditioner via Wi-fi.

With wi-fi connectivity, you won't need to be at home to control your portable air conditioner. Enjoy air conditioned comfort from your first step in the door. Before arriving Home, Log in, switch on and set the temperature for your return.

Left it on after you left the house? Log in, and switch off. Never leave the air conditioner running by mistake again! Control at your fingertips.

Android

iOS

Total control from your mobile device. Set your AC from anywhere!

Not only can you control your TECO Portable Air Conditioner from anywhere, but the app is also compatible with your smart speaker Google Home or Amazon Echo (not included). It's as simple as saying "Hey Google, set TECO temperature to 24 degrees" or "Alexa, turn on TECO".

*Internet connection, compatible smartphone and smart speaker (not included) required.

*Not available for all models.

*The example voice commands above may differ from your device and configuration.

SILVER ION FILTER

An advanced filter that is highly effective for reducing harmful bacteria, viruses, fungi, spores, and common allergens from the air circulating throughout the room.

The filter generates and releases silver ions into the air stream from the air conditioner where they attach to microorganisms, deactivating microbes on a molecular level. Effectively preventing reproduction and growth. In addition to long term sterilization, the silver ion filter is environmentally friendly, safe and effective at reducing harmful airborne contaminants.

TECO's Silver Ion Filters - Reducing harmful contaminants in the air.

Cleaner Air Comfort
*When your family's wellbeing
means the world to you.*

*Applicable models :
TPO20CFBT, TPO32HFWDT,
TPO33CFWET, TPO35HFWDT &
TPO41CFWUDT

THE RANGE

Model Capacities

3.3kW and 3.5kW Reverse Cycle

2.0kW, 3.3kW, 4.1kW and 4.7kW Cool Only

The TECO range of portable air conditioners span from 2 to 4.7kW in reverse cycle and cooling only models to suit a wide variety of comfort possibilities for your home and office.

2.0kW Cool Only

TPO20CFBT

3.3kW Reverse Cycle & Cool Only

TPO32HFWDT (Reverse Cycle)
TPO33CFWET (Cool Only)

3.5kW Reverse Cycle

TPO35HFWDT

4.1kW Cool Only

TPO41CFWUDT

4.7kW Cool Only

TPO47CFBT

Ultraviolet Light

UV light disinfects the air that we breathe and this feature on the TECO TPO41CFWUDT is a unique and important feature:

- Kills bacteria, viruses and germs;
- Controls mould and other allergens and removes volatile organic compounds;
- Reducing smells and odours; Maintains a cleaner portable air conditioner and dehumidifier unit.

Regular cleaning of your filters will ensure performance of the unit.
